2025-2026 Bus Pass Application:

Families of students who are eligible for school bus transportation based on walk limits – or who require accessible (special needs) bussing – must submit a bus pass application for the 2025-2026 school year. Students living on reserve do not need to apply. The link to bus pass application can be found on the Carihi website or SD72 Transportation website.

You must have a valid bus pass to ride next year so please be sure to apply early so that you receive your new bus pass in September.
