Dear Timberline Parents and/or Guardians,

Report cards have been issued and sent home with your student last week. With the introduction of our new SD72 Parent Portal app, you can also now see your student's report card grades and teachers' comments online.

If you haven't already created an account through the Parent Portal app, we would encourage you to do so, as this can be a one-stop source of information about school news and events, and your student's attendance and grades. Important notices about bussing, school closures, or emergency notifications will also be pushed right to your cell phone in real-time, when you have the app downloaded and notifications enabled. This video will walk you through how to download and install the app, as well as create your account.

Once you have created an account, this link will provide you with step-by-step instructions on how to find your child's marks in the parent portal app.

If you have any questions, please contact the Timberline Secondary school office.

Sincerely,

Laird Ruehlen, Principal
