I hope students will supply their own **junior** racquets, but we have some extra racquets if a student needs to borrow one.

In recent years Tennis Canada / Tennis BC have radically changed their approach to their way of coaching tennis with the introduction of Progressive Tennis. Progressive Tennis uses a systematic progression of court sizes, balls, and racquets to scale the game down to an appropriate level for younger children. This allows them to improve their overall tennis skills faster so they can transition to the regular court with more ease. Tennis is a great and fun game that can be a lifelong hobby.

Remember to bring a water bottle, dress comfortably for the weather, wear sunscreen, have proper shoes, hat, bring a positive attitude, work hard and have fun!
