 **Woodwork Project Rescue Mission!** 

Calling all former Woodwork students!

Is your masterpiece still living in the woodshop? Has your cutting board, box, sign, or mystery creation been patiently waiting for you all year? Now is your chance to bring it home!

 **Project Pick-Up Deadline:** Come by at lunch today to claim your work.

After the deadline, Ms. Gale will be conducting a **Shop Clean-Out Operation**. Any unclaimed projects will be officially retired to the scrap wood bin and may find a new life in future creations.

Current Woodwork students: Don't panic! You have until the **end of the term** to finish and collect your projects.

Don't let your hard work become kindling! Come rescue your project before it's too late.
