

Outdoor Discoveries Program Application Form

Timberline Secondary School
250-923-9500
Haley.Calder@sd72.bc.ca

Dear Grade 8 student,

Name: _____

Thank you for showing interest in the Outdoor Discoveries Program. In order for us to ensure that it is the best fit for you and those in the program, we'd like you to answer a couple of questions. Take some time and think about your responses, afterwards, return the form to your advisory teacher.

Why is the ODD a good fit for you? What kind of activities do you have experience with or have interest in?

What will you contribute to the program to ensure that it's a success for you and others? Do you have any special skills?

When the class has down time on overnight trips, what are some ways you can stay busy without using technology. For example, what are some games or activities you could organize/play?

What does caring for the environment mean to you?

There is a requirement to not wear cotton in the class. Would this be an issue for you?
