Allergy Awareness

Some members of our school community have severe, life-threatening allergies. While we cannot guarantee an allergen-free environment, we ask families to help reduce the risk by avoiding sending foods that contain common allergens when possible. Your child's teacher will provide you with more specific information.

New classes

Students in Grades 1–6 will move to their new classrooms on Thursday, September 10th. This can bring feelings of excitement and nervousness, which are both expected! We will do our best to support a smooth transition and welcome any information you would like to share about your child that can help this process.

Welcome new families!

Along with our new Kindergarten students, we have a few additions to our Quadra school. We look forward to getting to know you!
