Integrated Aboriginal Ed. We are going to try to build up our aboriginal heritage and history within the school through various mediums to add more to the curriculum in the future.

Co-op Programming are still running and we have wonderful community partnerships that allow our students to complete different kinds of certificates, like, WHIÂIS, Food Safe, First Aid, etc. our students will then have credentials to add to their resumes thus giving them a step up for competing for a job.

keep you posted.
