Treasurer's Report:

A detailed report was given to all in attendance and is attached. As well, Liz provided us with a tentative budget based on the numbers from last year, as we have not received our money from the Province yet. We quickly went through and have noted some changes, including increasing the Year End awards budget to \$1800.00, adding \$750 for Video Production, we are considering adding a bit to the band, as they have an upcoming trip this year. Liz is going to verify the number of Provincial meets that students took part in last year so that we can set a realistic amount of money aside to help them. Liz added curling and beach volleyball to the list. Everyone is asked to think about this tentative budget and have any suggestions or questions ready for next month.

3 of our 2016 scholarships have already been claimed. We still have 5 unclaimed from Grad 2015. The students do have until December break to receive it, Liz emailed Ms. Lloyd to let her know.
