

CAMPBELL RIVER

School District 72

To whom it may concern:

The teacher and students providing this letter are travelling around Campbell River as part of our District's efforts to expand learning opportunities for students in our community.

In partnership, the City of Campbell River and School District 72 are supporting these learning opportunities by providing this letter allowing this group to ride on Campbell River Transit.

These students are ambassadors from our school district into the community and we hope to hear that their behaviour is exemplary during their time on city transit. Please direct any feedback or concerns to the school principal or the Associate Superintendents listed below.
