David H. Olsen Bursary

David Olsen was a firm believer in education and hard work. He graduated from Guelph University with a degree in science and originally taught in Brampton High, the high school that he went to as well, working alongside teachers that had taught him. He was a high school teacher all his working life and eventually became the department head of Science at Chinguacousy High in Brampton, Ontario. He also coached many football teams in his day. David received an educational grant set up by his relatives to attend university and was eternally grateful for that opportunity. David was an active member of the Royal Canadian Legion on Quadra Island and helped with many events, including the Annual Poppy Campaign. This fund was created by his sister in his memory and is administered by the Legion on his behalf.
