

SD72 PARENT HOME LEARNING LESSON

DOGWOOD FLOWERS in MATH and MORE!

PURPOSE / SKILL: Addition, subtraction, and building number sense

MATERIALS: Printouts of the 2 handouts provided.

INSTRUCTIONS:

STEP ONE: Look at the image of Dogwood flowers. Count them.

STEP TWO: Create addition and subtraction questions to match. See the example on the first page. You can circle the images for each example to PROVE you are right.

POSSIBLE NEXT STEPS: Look for other items as inspiration to repeat this activity. For example, pinecones, flowers, trees, Lego, toys, marbles, etc!

LITERACY CONNECTION: Write about Dogwood flowers! IDEAS: A Forest Adventure, The Magical Dogwood Tree, research Dogwood and how it became the provincial flower of B.C.!

ART CONNECTION: Draw a Dogwood flower or a collage of them!

Dogwood Flowers

Ways to Count Dogwood Flowers	+	-
	$1 + 1 + 1 + 1 + 1 + 1 + 1$ $+ 1 + 1 + 1 + 1 + 1 + 1$ $= \underline{\hspace{2cm}}$	$14 - 1 = \underline{\hspace{2cm}}$
