

Kyle Bukauskas Bursary Application

The Bukauskas Family has been part of the Campbell River community since 1987. Both Kyle and his younger brother Cory were born and raised in CR and both are graduates of Carihi. Kyle and Cory were shaped through their passions for sports, performing arts and academics.

The Kyle Bukauskas Bursary includes an amount of \$1000. It will be awarded to a Carihi student who will graduate and earn their Dogwood diploma by the end of the current school year, with the bursary to be put towards post-secondary education in the fall.

Kyle was fortunate to find inspiration for his career path through several avenues in the classroom and beyond while in high school and so the criteria is really quite simple: tell us what you are passionate about achieving.

We want to know what your career goals are and how the post-secondary education route you choose is going to help you get there. What life experiences or opportunities through school helped inspire you or mold your passion? Please include examples of part-time or volunteer work in the field you want to pursue if applicable.

Looking for around 500 words detailing the above criteria. Don't think of it as a formal essay, we just want to get a good sense of where your life's journey has taken you and where you want to go.

This application process is open to students from any and all backgrounds.

Please submit the application form below along with your write-up to your school counsellor. The deadline is the last school day of April.
