**Minutes** from April 3 2017 approved by Kim 2nd Alana

**Correspondence** Alana went to DPac Meeting and said very informative. Kim Brown attended a District Budget Information meeting.

### **Principal's Report**

Over the last month the school has received some funding to help support purchasing items we might otherwise be asking parents to help us with. With this funding we were able to return money provided to us for projectors so it can be used elsewhere. May will be a busy month for our classes. Track and field practices are occurring over 6 sessions prior to the grade 5 meet on May 26. Class and school photos will be taken on May 16 th.

We will begin to draw up a numbers only school configuration for next year. We know of a few children not returning and have added several for next year as well. We anticipate close to the same numbers for start up as we have now. Our grade 5 teachers have been wondering if there would be a parent group interested in doing something for the students as had been done in the past. Contact the teachers directly is the best option.

Next year there will be 11 divisions

### **NEW BUSINESS**

Playgrounds. Alana sat in on DPAC Meeting and learned that all schools are fundraising for playgrounds right now. City officials need to know that this is a huge issue. We need a playground committee, possibly meet with other schools. Raise awareness. Newspaper. School Playgrounds are "Private Property with Public Access"

school district has a charitable donation # donate direct to Ocean Grove

### **Discussion**

Spring Baskets arriving around 9AM May 2. Pick up after school. Scheduled pick ups on May 3.

Beach Day - Saratoga June 23

Primary Day Hagel Park 28th k-3
