

## **Report to P.A.C. for January**

January 16, 2023

### **Reflections:**

It is hard to believe that we are nearly at the midway point of the school year. Planning is underway for next year. We are now halfway through the second year of the quarter system, and are looking at the evidence to inform decisions for the following year, including achievement, attendance, and connection. Staff have been surveyed on the benefits and challenges of the system. Students and parents will be consulted before a decision.

The ministry has released the draft assessment and reporting policy, set for implementation in September 2023. We have formed an assessment team with Timberline to review the documents and prepare district tools to meet the implementation goals. The new reporting policy fits closely with the 'new' curriculum with a student centred design.

Carihi hosted a wrestling tournament over the weekend and had several wrestlers win their weight divisions.

Some exciting events on the horizon include the Open Mic at Rivercity Theatre this Saturday evening. This is the second open mic this school year. The last event had many Carihi students showcase their talents. I am looking forward to another great evening. Finally, the senior boys basketball team host a tournament in our gym, starting on January 26<sup>th</sup>. It should be a good event and is a clear representation of school spirit as the gym will be full of spectators.
