## SD72 PARENT HOME LEARNING LESSON

## THE 100's CHART

PURPOSE / SKILL: Learning numbers 1-100, finding and recognizing patterns
MATERIALS: Printable chart (included), different colours of crayons

## INSTRUCTIONS:

STEP ONE: Fill in the missing numbers on the pieces of the 100's chart (first page). If your child is ready, fill in the big chart (page 2).

STEP TWO: Use the first crayon colour to circle the numbers counting by 5's. What did you notice?

STEP THREE: Use the second crayon to fill in the boxes of the numbers if counting by 10 's. What did you notice?

STEP FOUR: Use the third crayon to circle the numbers counting by 2's. What did you notice?

STEP FIVE: Look for patterns. Do any of the crayon colours overlap? Do you see any other patterns on the chart?

POSSIBLE NEXT STEPS: Write out the numbers from 80 - 120 for your child.
Repeat the activities above. Try with larger numbers.
